

ADDENDUM

December 14, 2001

Since the paper

K. Helsgaun,
"An Effective Implementation of the Lin-Kernighan Traveling Salesman Heuristic",
European Journal of Operational Research **126** (1), 106-130 (2000)

was published, the LKH-software has been able to make further improvements on the upper bounds for some of the largest problems in TSPLIB.

Table 3 on page 125 in the paper may now be replaced by

Name	New upper bound
brd14051	469388
d15112	1573084
d18512	645244
pla33810	66050599
pla85900	142393738
rl11849	923288
